

ARYAN SINGH

Frontend Developer | B.Tech Computer Science Student

+916387775881 | ariansingh8544mj@gmail.com | linkedin | Varanasi, India

PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student pursuing frontend development opportunities. Hands-on experience building responsive, visually engaging web interfaces with HTML5, CSS3, and JavaScript. Focused on semantic structure, mobile-friendly layouts, interactive UI behavior, and polished user experiences. Seeking a Frontend Developer, Web Developer, or Web Development Intern role where I can contribute, learn quickly, and grow through real product work.

SELECTED PROJECTS

Personal Portfolio Website

HTML5, CSS3, JavaScript

- Built a **responsive portfolio website** to present technical skills, selected projects, and professional contact information in a clear, recruiter-friendly format.
- Created **mobile-friendly page sections**, responsive navigation, skill highlights, call-to-action areas, and structured layouts using **HTML** and modern **CSS**.
- Added **interactive interface behavior** and visual effects with **JavaScript**, CSS animations, and DOM-based UI interactions.
- Refined layout, spacing, and readability across desktop and mobile screen sizes to improve the overall user experience.

University Attendance Management Website - Frontend UI

HTML5, CSS3, JavaScript

- Designed a **frontend interface concept** for viewing and managing student attendance information with clear content hierarchy and easy-to-understand navigation.
- Created **responsive layouts** for attendance-related screens using **CSS Grid**, Flexbox, media queries, and reusable visual patterns.
- Focused on readable labels, consistent spacing, and user-friendly flows to make routine attendance information easier to scan and understand.
